

Now is the time to think about Gasoline Stoves, Refrigerators, Ice cream freezers, a new Carpet, Wall paper, or Hammock

J. A. MAHONEY, HOUSE FURNISHER

COURT PROCEEDINGS.

Cases That Have Been Disposed of Since the Headlight's Last Report.

DAVENPORT NOT GUILTY.

He said the Jury After Being Out About an Hour—Woods Also Not Guilty—Civil Cases Disposed Of—Report of the Grand Jury—A Week's Record at the Bar of Justice—Local and County News of the Week.

Special in the Headlight:

SILVER CITY, N. M., May 15.—The trial of Thomas Woods for murder which was on at the conclusion of the headlight's last week's report was finished late Friday evening and the defendant was accordingly discharged.

The trial of William C. Davenport for the killing of Big Weibel at Carlisle last July was called immediately after the Woods case. The greatest difficulty was experienced in obtaining a jury and three special venire were required before the jury was finally empaneled Monday morning. The whole of Monday and Tuesday was consumed and a verdict was reached about eight o'clock Tuesday evening after the jury had been out about one hour. It found the defendant not guilty. The case was ably conducted on the side of the prosecution by District Attorney Harlow and special assistant J. A. Anselmi and on the part of the defense by Messrs. J. H. Fielder, R. P. Barnes, John J. Bell and Frank J. Wright. The defense was that of self defense. Mr. Davenport left for his home in Texas Thursday morning.

The members of the jury empaneled in the case were: E. O. Rabb, W. Williams, Patrick Carroll, C. W. McSherry, W. P. Doyle, John T. O'Leary, C. W. Marriott, Bayler Polk, W. H. Hutchins, L. Mayfield, Thomas Ewing and W. N. Hanly.

The grand jury finished its labors and was discharged Tuesday. Its final report to the county officers to be in good condition. A summary of the report from the committee visiting the collector's office shows the following delinquent taxes by years:

Year	Amount	Per centage collected
1917	\$4,413.94	75.00
1918	4,127.79	75.00
1919	3,126.91	75.00
1920	2,126.91	75.00
1921	1,126.91	75.00
1922	1,126.91	75.00
1923	1,126.91	75.00
1924	1,126.91	75.00

The treasurer books show a balance in the Deming school precinct of \$97.45 and in the general school fund of \$2,567.81.

Padro Matia, who murderously assaulted a guard at the county jail recently, pleaded guilty and was sentenced to an imprisonment in the Territorial penitentiary for a period of one year.

Judgments for taxes were rendered in the cases of the Territory vs. C. P. W. Schmidt, T. N. Hawkins, Minnie Consoladino Mining Company, D. C. Hobart, et al., Edward Moulton, J. B. Galbreath, Bishop & Company.

The Silver City National Bank, representing a large number of claims has obtained judgment against the county for \$9,988.04 and interest. Gillett & Son have obtained a similar judgment in amount \$1,672.51 and interest. The bank judgment included quite a number of Deming claims.

The trial of Harry Styles for the murder of O'Neal on the Gila, some two years ago, is the next case on call. Judge Joseph Boone, of Deming, is associated with District Attorney Harlow in prosecution.

The cases of William Kieff vs. Charles Poe and Schultz vs. Poe and Deemer, Cook's Peak civil actions, have been continued until the next term.

Branches Bill Captured.

Branch Bill who lived matters up in Deming some weeks ago, has been captured in El Paso. The Herald gives the following account of his arrest.

"William Waters, alias Branch Bill, is a bad man from Blitter Creek, who broke jail some weeks ago at Socorro, where his bronchitis was in danger of being fatal. After standing the Socorro officers off, Bill went down to Deming and stood the officers off there also, when they tried to arrest him.

Next his jaws came to this city and was captured this afternoon in the festive mahogany syrup in the social saloon by Deputy Sheriff Ten Eyck. The "bitter brew man" and had Manning Clemmons help him. The two came up behind the horse thief and each grabbed his arm.

The fellow was caught, and demanded to know the why and wherefore of his arrest, and was told a warrant would be read to him when he delivered his arsenal. "I ain't got no guns," he replied. "We'll see about that," said the deputy as he had Clemmons pull one six shooter from in front, and then he took a second six shooter from the inside of Waters' trousers, at the rear.

Then the warrant was read, handcuffs put on, and he was taken to the jail. There he was read for Waters' arrest."

Chasing Day Hares.

Interesting exercises, according to the program in last week's Headlight, were held at the public school building today. All the little ones acquitted themselves most creditably, and their efforts were rewarded by generous applause from a large number of visiting parents and friends.

The exercises were held in the first and second primary departments and in the music department. The lessons of the four exercises a detailed account, but suffice to state that the pupils displayed marked ability.

THE GOLDEN RULE BAZAAR

AGENT FOR BUTTERICK PATTERNS.

My wash goods assortment is condensed by the ladies of Deming and vicinity that have visited my store to be the best ever shown here, it consists of—

Organdie Saisse - Linon Batiste -
Cadele Marquise - Satin Brocade -
Plumettes Sol - Children Crapes -
Grass Linon - Dimity & Percalines

BOOTS and SHOES.

The most complete assortment ever shown here at prices tell the tale.

People won't pay \$2.50 and \$4.00 for shoes when they can buy a first class shoe for

\$2.50
I have a new line of men's shoes especially suited for Railroad men. Come and examine them. A new lot of Cox-boy boots high and low heels.

I have a complete assortment of Brocade Silks, Pongee Silks in different widths and qualities, Japanese Silks in all colors and shades, fancy silks for shirt waists, which I am selling so low that I can't be undersold.

A NEW DEPARTURE.

In order to help out my neighbor, poor Dr. Byron who says he has been losing money on his Soda water enterprise, I have contracted with him for Ten thousand Glasses of his Celebrated Soda water which I will give away free gratis during the hot weather. Ladies and children that visit my store and purchase merchandise to the value of 50c and pay cash I will give a ticket that is good for a glass of Soda water at Dr. Byron's Drug store. A dollar purchase is entitled to 2 tickets. A \$5.00 purchase, to 10 tickets and so on. It does not matter whether you buy that's thread 10c for 10c or a silk dress, you are entitled to your Soda water.

HATS & GLOVES. Ladies' and Gent's Underwear. Trunks & Valises. SAM LINDAUER.

MINOR MENTION.

Latest News: Stappington Chronoiled in Tense Style for Headlight Readers.

John Stenson is building a corral in the rear of his butcher shop.

Democratic primaries at the opera house next Monday evening.

There will not be any services at St. Luke's church on Sunday next.

The weather of the past week has been exceedingly summer-like.

Ex-Governor Prince will deliver a free special lecture at Las Cruces, on June 8th.

Rain is needed on the Grant County range but otherwise it is in first class condition.

The weather of the past week has been very warm, but atmospheric conditions indicate early rains.

Remember the dance at the opera house tomorrow night, following the commencement exercises.

J. P. Byron is having the front of his drug store repainted. Powell & Thompson are doing the work.

Read the Golden Rule Bazaar's advertisement this week and see what they are going to do to keep their customers cool.

The pictures taken at the race track Tuesday evening by Mr. Powell of the Deming Art Co., are jewels, and the exposure took place just after sunset.

Commencing with next Sunday the barbers of Deming will charge 25c a shave and 50c for hair cutting on Sundays. This does not effect the week day prices.

The closing exercises of the intermediate, grammar and high school grades will take place in the opera house this evening, and tomorrow evening the commencement exercises will be held.

Don't forget the democratic primaries to be held in the opera house next Monday evening, June 2nd, for the purpose of selecting the delegates to represent this precinct in the county convention to be held at Silver City on the 8th.

Flourishing Baldoroma and Panchito Catalano were asphyxiated to death in the mining property at Copper Flat, this county, Wednesday, while engaged in drifting in a deep working. Their bodies were found within a few hours and given burial.

If there is going to be anything done in Deming this year towards the celebration of the day of the Nations birth it is high time the people were bestirring themselves. It is only a little over a month now, and time is going fast. Fourth of July will soon be upon us.

This is the year in which Deming should have a regular old fashioned Fourth of July celebration, which will go down into history. The people of Deming are noted entertainers and if the initiative is taken, several hundred visitors will come and enjoy the sport.

A freight train last Sunday brought in Hon. Israel King and wife, Mrs. Frame, who is assisting Mrs. King in the care of her husband, and the doctor, who attended Mr. King while at San Marcel.

Although Mr. King stood the journey much better than had been anticipated, he is a very sick man and there is but little hope of his recovery.

The bodies of the two Hall boys—Richard S. and R. B.—who were found murdered in the fall of 1901, have been found near Sulmonville, Arizona, being identified by articles known to have been in their possession at the time of their deaths. Deputy Sheriff Dues, of Socorro county, passed through Deming Thursday with W. D. Taylor, who is wanted for the crime, enroute for Sulmonville. Steve Mitoom is also under arrest.

A recent bulletin from the Las Cruces Agricultural College states that the Mesquite plant, so abundant in this locality, has many admirable qualities. Its early succulent foliage is eaten with relish by stock; its flowers furnish the nectar from which the first and best crop of honey is made; its seeds and pods furnish a stock food which is believed to be of considerable value and they certainly are eaten very readily by stock, and its roots are a most important source of browse.

A DEMING MAN WINS.

A. B. Simons of This City Lowers Unpaced Third Mile Bicycle Record.

USED A "BIRDIE SPECIAL."

Made the Quarter Mile in 35.5 Seconds and Lowered World's Unpaced Third Mile to 35.5 Seconds—Trials Made Tuesday on a Dirt Track—Time Taken by Electricity—The "Birdie Special" Built by Mueger.

A. B. Simons, of Deming, on the city race track last Tuesday evening, demonstrated his right to be called the champion amateur bicycle rider of the world. He rode the quarter and third of a mile, under special sanction, and, although not feeling in very good condition, not having trained a single day, made good time from the start, running the quarter in 35.5 seconds and the third in 35.5 seconds, beating the world's paced record by 4.5 of a second.

A. B. SIMONS.

At 5:30 o'clock Simons appeared on the track and rode the quarter and third of a mile, which the timekeepers failed to catch on account of a broken wire, which was much faster than second time but in thirty minutes he again appeared and rode the quarter and third, making the unpaced record as above stated.

A full force of officials were present and those who signed the claim for record were: Judges C. R. Krum, W. H. Hudson and William Cotton; timers, Carl Hagen, S. D. Swope and E. L. Foster; L. A. W. representative G. B. McCollum. In addition to these mentioned were nineteen witnesses.

He rode a "Birdie Special" (built by Mueger) and feels confident that he can lower time two seconds on a good track. The people of this city are, naturally, highly elated with having, in a citizen of Deming, the fastest amateur bicycle rider of the world.

WHITENDAY.

It God, at this solemn time, Thy faithful followers did teach, By sending on the head of earth, In wondrous tongue of fire divine, The Holy Ghost, the Comforter, As promised by Thy blessed Son, The gift of tongues, that all should know, Might have the gifts dispensed, Grant us, O God, Thy Holy Light, That token of Thy mighty love, Breathing on us from above, He may hold us and be sought, By prayer and praise, and love, And, day by day, through love, Rev. R. H. J. ARNOLD.

Deming, N. M.

A Farmer Deming With a Career.

E. E. Rittenhouse, formerly manager of the Western Union at this place, but now of Colorado Springs, is making his mark as a humorist. It will be remembered that during Mr. Rittenhouse's residence in Deming he occasionally contributed articles to the Headlight, which displayed marked ability and which were always copied by the press of such cities as Los Angeles, San Francisco, St. Louis and even New York.

It is said that he has become a member of the newspaper fraternity in San Francisco and other cities and his descriptions of mining and western life are attracting much attention. Mr. Rittenhouse has a style peculiar to himself, but very similar to that of the late Bill Nye. The Headlight predicts that it will not be many years before Mr. Rittenhouse is known among the foremost humorists writers of the United States.

The U. S. Gov't Reports

show Royal Baking Powder superior to all others.

DO YOU KNOW THESE FOLKS?

J. L. FERGUSON returned Wednesday from Silver City.

Car load of lime, fresh from the kiln, at W. R. Merrill's.

A. Heals and wife returned Wednesday from Hudson Hot Springs.

Call at The Racket and see cups and saucers at 50c per dozen; former price \$1.50.

Mrs. JAS. L. FERGUSON went up to Silver City Sunday, returning Monday.

One swallow does not make one spring, but one swallow of One Minute Cough Cure brings relief. J. P. Byron, druggist.

JAMES ROSE, of Chicago, visited his brother, Mike Rose, in this city early in the week.

Rozema is a frightful affliction, but like all other skin diseases it can be permanently cured by applications of DeWitt's Ointment. It is a sure cure for cure-alls. J. P. Byron, druggist.

If the hair is falling out and turning gray, the glands of the skin need stimulating and color-food, and the best remedy and stimulant is Hall's Hair Restorer.

DR. G. N. WOODS was down from Silver City last Saturday on professional business.

In the Spring a young man, fancy lightly turns to thoughts of DeWitt's Little Early Risers, for they always cleanse the liver, purify the blood and invigorate the system. J. P. Byron, druggist.

FOR RENT—Two six room adobe houses, with bath room and adobe stables attached. Modern conveniences. Good location. Apply at this office.

SIX HOLSTEINS, who was in the city several days this week, left today for the N. A. N. ranch.

One Minute is the standard time, and One Minute Cough Cure is his standard preparation for every form of cough or cold. It is the only harmless remedy that produces immediate results. J. P. Byron, druggist.

Do not despair because you have tried many medicines and have failed to receive benefit. Remember that Hood's Sarsaparilla cures when all others fail to do any good whatever.

DR. WILL T. WILLIAMS came down from Silver City Wednesday, having been called as consulting physician on the case of Hon. Israel King.

Mrs. R. DeYoung, Middleboro, Ia., writes: I have used One Minute Cough Cure for six years, both for myself and children, and I consider it the quickest acting and most satisfactory Cough Cure I have ever used. J. P. Byron, druggist.

FOR RENT—Cottage and rooms nicely furnished, rooms located in the heart of town. Good water, trees and lawn. Apply to Mrs. H. C. Lancaster, Association Buildings, First Street, Deming.

COL. S. P. CARPENTER came in last Monday over the Southern Pacific from Los Angeles, stopping over in this city until Tuesday morning, when he journeyed on to his beautiful ranch on the Papilio.

A. L. Wagoner, a prominent citizen of Otero, Mich., after suffering excruciating pain from piles for twenty years, was cured in a short time by using DeWitt's Hazel Ointment. More of this preparation is used than all others combined. J. P. Byron, druggist.

Young mothers dread the Summer months on account of the great mortality among children caused by bowel troubles. Perfect safety may be secured by those who keep on hand DeWitt's Colic & Cholera cure, and administer it promptly. For example, bilious colic, dysentery and diarrhoea, it affords instant relief. J. P. Byron, druggist.

The Discovery Saved His Life.

Mr. G. Calloway, Druggist, Benaville, Ill., says: "I have used DeWitt's Discovery I owe my life. Was taken with the Grippe and tried all the physicians for miles about, but of no avail and was given up and told I could not live. Having Dr. King's New Discovery in my store I sent for a bottle and began its use and from the first dose began to get better, and after using three bottles was up and about again. It is worth its weight in gold. We won't keep a house without it. Get a free trial at J. P. Byron's drug store."

THE GRANT COUNTY MINES.

Work About the Grants Area Steadily On With Fluctuating Prospects.

CENTRAL.

Sunday was pay day at the Texas-Grand Central, and the score or more of employees are correspondingly happy. No one is being extracted but the force is employed in prospecting and opening up new ground. The ore is left standing pending the new deal. The new proprietors have not as yet taken hold as was erroneously stated in the Headlight two weeks ago.

Andy Kinsella is extracting good ore as usual from his Last Mine. The lenders are jubilant over the last shipment. With proper development this claim should easily take front rank among the richest mines in the territory.

Monite, Dence and Laporte are working the Jefferson and No Hay Nada claims as their shipments have proven remunerative.

The Chance is now down about 150 feet and is in good ore, which fact is making the lenders just a trifle jealous.

COPPER PLAT.

The syndicate company is employing a considerable force and development work goes steadily forward. Water has been struck in small quantities in the bottom of the big double compartment shaft. The new fact of water having been found will prove a new incentive, were any needed for deeper workings, as a sufficient flow of water would prove a bonus in a double sense, as beyond a doubt the company would erect an extensive reduction plant on the ground. They are as well pleased with their properties here as anything they own in Arizona.

HANOVER.

The iron mines are working a considerable force of men and two carloads are being shipped daily.

GOLD HILL.

The Cline-Sharp claim mill is running on the Snyder-Gaddis ore and the returns while not made public are said to be extremely favorable.

Cline and Kessler are at work on the Nancy Lee and good ore in quantity is being taken out in quantities.

George B. Hughes is at work on the properties in which Hon. Bob Black, of Silver City, is interested. He is taking out some exceptionally good ore and he has a real ton on the dumps.

Uncle Dave Eggleston is still driving his tunnel on the Little Chief and he expects to make the connections with the main lead within a day or two.

Henry Kiel is now doing assessment work on a claim in which an uncle of Mrs. Ned Patterson of this place is interested. He has but recently commenced work and there is little to report.

Work on Gold Range, formerly the Standard property, is progressing favorably. The company mill is expected to start up shortly as there is plenty of ore on the dumps.

CAMP FLEMING.

Ted Fulwood, J. B. Card et al., are working near the summit of Treasure mountains on their Three Dandy claims. One is called the Dandy, pure and simple, the other is the Jim Dandy and the smaller of the triplets is known as Little Joe. The shaft is down 20 feet and rich boulders similar to the Old Man ore, only with the exception of brittle silver, has been encountered. Chloride, bromide and oxide occur at regular intervals. They have sunk through 15 feet of shale and lime carbonate and they expect within the next 10 feet to strike a pocket of "pure silver truck" which made the Old Man and Camp Fleming a wonder thirteen years ago. Teddy, who is a miner and an enthusiast, predicts that within two months the pristine vigor of the old camp will be restored.

BLACK HAWK.

Captain Hank FitzSimmons is doing considerable work on the old Alhambra mine. He is not doing a great deal of development work, most of his time being occupied in retimbering and catching up slippery ground. He has a considerable quantity of high grade ore exposed.

PIROX ALTO.

The Mountain Key is working a force of twenty men who are drifting and stopping on the 100 and 200 levels. They are extracting good ore in quantity, part of which will be treated at the mill on the ground and the balance will be shipped.

CARLEIGH.

The Carleight syndicate is doing considerable development work on their numerous properties. They are employing from one hundred to one hundred and twenty men, which force will be greatly increased about the first prox. So far as development has gone the properties come fully up to, if they do not exceed the brightest expectations. Nearly all the work being done is by contract. The mill has been thoroughly overhauled and will start up with ten stamps some time next month. A run will be made as a test to determine the proper method of treating the ore belonging to the company. Before long Carleight will again take rank as one of the foremost bullion producers in the territory. The syndicate owning the properties has unlimited means at its disposal.

HANOVER.

Gleason and Bell are putting up steam jiggling machinery for the purpose of working the Nancy Stone and other dumps around the camp. The machinery is new, and it is expected it will be in operation early next week.

SILVER CITY.

Ed Appellhaus, who in company with John Coleman and George Shaffer, left Silver City about two months ago has returned. They did not find the Adams' diggings but they found what they considered an extension. They also found gold. While at work one day they were interviewed by a delegation of noblest men who informed them they were in the San Carlos reservation and that they had better "get out." It is needless to remark that they "got out," pulling their freight for civilization and the others to locate any extension of the fabulous diggings they might find outside the prescribed limits. Ed thinks well of the country and hopes to return after the Indians are all dead.

Mission of School Directors.

The annual election of school directors for this precinct will take place next Monday, during the usual hours. Up to this writing there has been no indication of the names which will be presented to the public, but there seems to be an almost universal feeling that the members of the present board—Messrs. Brown, Mahoney and Marshall—should be re-elected if they will accept. Happily, politics does not enter into Deming school elections and only representative men will be chosen at all events. The present board has been an exceptionally efficient one. Let every voter exercise his right of suffrage and thus show his interest in the welfare of the schools no matter who may be the candidates.

St. Westwood.

The supper given by Sarah Rebeckah Lodge No. 11, L. O. O. F., in the bank building last evening was a success in every particular.

From five o'clock until nine, the tables were crowded with hungry people. The supper was excellent and the music furnished by the Deming band added very materially to the enjoyment of the occasion.

Democratic Primary.

Pursuant to call of the chairman of the Grant County Democratic Central committee, a Democratic precinct primary is hereby called, for precinct No. 11, to meet at the opera house in Deming, N. M., on June 2nd, 1906, at 8 o'clock p. m.

JOHN L. BERNHARD, Precinct Chairman.

YOUR PRIVATE CORRESPONDENCE

Will look much better if gotten out on a typewriter. Many are deterred from buying by the experience of others with cheap or so-called "good" machines, which wear out or get out of order in a short time. The Hammond Typewriter is simple, and will last for a life-time—used then too, your writing.

Is Entirely Exposed

And in eight white writing, even to the last letters. We sell other machines, The 1906 models are beautiful. Send for price list.
